# Hello, Soul Seekers! I'm Alaine Portner.

In my life I have delivered tens of thousands of messages from loved ones who have crossed to the Other Side. Through these beautifully empowering and uplifting experiences, I help people heal, transform and find their own inner guidance. My work lets people allow more love into their lives, experiencing the real connections that still exist with their loved ones. They are our real teachers. They teach us that love is eternal.

*In love,  
Alaine*

## **QUARATEAM TOGETHER!**

Today you helped me with the mindful meditation. I never meditated before. I feel relaxed in mind and body. My anxiousness is gone. My list of things I am grateful for flooded in. THANK YOU!

## **ESSENTIAL SERVICE!**

Thank you so much for the meditation session. I think you are an “essential service” to many. Obviously, I am extremely concerned about the state of our world and the safety of my friends and family.
